

For the safety, security, and protection of both guests and the property, this home utilizes (exterior) security cameras and (interior) monitoring devices in accordance with applicable laws and platform policies.

Exterior Security Cameras

The property is equipped with exterior-facing security cameras that actively record video. Cameras are positioned as follows:

- A **[camera type]** is installed on the exterior of the main house and is directed toward **[e.g., front entry, driveway, parking area, and/or street-facing approach]**.
- A second **[camera type]** is located at **[location, e.g., side yard / rear exterior / garage area]** and is directed toward **[describe coverage area clearly]**.

These cameras are used solely for safety and security purposes, including monitoring property access and verifying occupancy compliance.

Camera Positioning & Privacy Safeguards:

- All cameras are **strictly exterior-facing**
 - Camera angles are intentionally configured to **avoid any view into interior living spaces**
 - Cameras are positioned so they do **not capture activity through windows, sliding glass doors, or glass entryways**, even when window coverings are open
 - Cameras do **not monitor private outdoor areas** where a reasonable expectation of privacy exists (e.g., enclosed patios, hot tubs, or interior-facing courtyards)
-

Interior Monitoring Devices (Non-Recording)

This property is equipped with the following non-visual monitoring devices:

- **Noise monitoring device(s)** (e.g., Minut or equivalent) that measure **decibel levels only**
- **Smoke detection devices** that monitor for the presence of smoke or air quality changes

These devices:

- Do **not record audio or conversations**
 - Do **not capture video**
 - Are used solely to help prevent disturbances, ensure compliance with house rules, and protect the property
-

Guest Acknowledgment

By booking this property, guests acknowledge and agree to the presence of the above-disclosed security cameras and monitoring devices. If you have any questions regarding device placement or function, please contact us prior to your stay.
